Message From Public Safety

To the MassBay Campus Community,

Welcome to MassBay Community College. The goal of the MassBay Campus Police Department is to provide our students, faculty, and staff with the highest level of safety in an environment that is conducive to learn, teach, and work. As is the case with the MassBay staff and faculty, our public safety officers are here to assist students in any way we can and to help make their time at MassBay pleasant and productive.

I believe the safety of our community is a responsibility shared by all, so I encourage you to let us know if you see something amiss while you are on campus. In the case of an emergency during normal school hours, dial extension 2222 from a campus phone or 781-239-2222 from any other phone. Be sure to tell us your exact location and the campus you are calling from (Wellesley, Framingham, or the Ashland Technology Center). Letting campus police know your location will allow us to assist you.

In the pages of this Report you will learn more about the College, our campus police department, and safety on campus. Please familiarize yourself with our safety measures, and if ever you have a question or an issue, know the members of the campus police department are here to help.

Please enjoy your experience at MassBay and stay safe.

Philip N. Di Blasi, Chief of Police
MassBay Campus Police

Introduction

The MassBay Police Department prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This Report includes statistics from the previous three years concerning reported crimes that occurred at all three College locations. It also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

Massachusetts Bay Community College (MassBay) is a community of faculty, staff, and approximately 4,600 students. Located in the Massachusetts towns of Wellesley and Ashland, and the City of Framingham, the College community shares many of the same interests and concerns as local communities, such as the protection and preservation of public safety.

The full text of this Report is available online at the College website: www.massbay.edu/police. This Report is prepared in cooperation with local law enforcement agencies and MassBay’s Office of Student Development. Each entity provides updated information on their educational efforts and programs to comply with the Clery Act. Campus crimes, arrests, and referral statistics include those reported to the MassBay Police Department, designated campus security authorities, and local law enforcement agencies.

Each year a notification is made to all enrolled students, faculty, and staff on how to access the Annual Security Report both in its on-line and printed format. Copies of this Report may also be obtained at the Public Safety Department located at 50 Oakland Street, Wellesley Hills, Massachusetts 02481, or by calling the MassBay Police Department at (781) 239-2699.

Copies are also available at the College locations in Framingham and Ashland. All prospective employees may obtain a copy from the Office of Human Resources, and all prospective students may obtain a copy from the Office of Admissions. Students, faculty, and staff will be notified by email. Confirmation of distribution will be obtained from the Office of Information Technology.
Policy Addressing Campus Law Enforcement Authority

MassBay Community College police officers receive training from the Municipal Police Training Committee, the Massachusetts State Police Academy, through their initial Police Recruit Academy training, and through annual in-service training.

Some of the categories of annual in-service training covered during 2022 consisted of the following:

- CPR First Responder Recertification

- Crisis Intervention Training
- Implicit Bias
- Legal Updates
- Longevity in Law Enforcement
- De-Escalation and Use of Force
- Human Trafficking
- Officer Wellness
- Responding to Emergencies Involving the Mentally Ill
- Cultural Competency
- De-escalation and Use of Force

Policy Addressing the Encouragement of Accurate and Prompt Crime Reporting

Community members, students, faculty, staff, and guests are encouraged to report all crimes and public safety-related incidents to the Public Safety Department. To report a crime or emergency on campus, dial extension 2222, or from outside the College phone system dial extension 2222. In Ashland, dial 911 immediately and call the Public Safety Department if it is safe to do so after dialing 911.

The MassBay Police Department can be contacted for non-emergencies on the Framingham or Wellesley Hills campuses by dialing extension 2699, or at the Ashland Technology Center by dialing (781) 239-2699.

To report a non-emergency security or public safety-related matter from a non-campus telephone, dial (781) 239-2699. Crimes should be reported to the Public Safety Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community when warranted.

Policy Addressing the Working Relationship With Law Enforcement

MassBay’s Public Safety Department maintains a close working relationship with the police and fire departments of Wellesley, Framingham, and Ashland, as well as with the Massachusetts State Police. The Department utilizes the resources of these departments to assist with serious crime investigations and critical situations which may endanger the campus. MassBay police officers communicate regularly with our town and city partners and share information regarding incidents which occur on or near any of the campuses.

Wellesley Hills Campus

The Wellesley Hills campus utilizes MassBay police officers during the work week. A memorandum of understanding exists between the MassBay police department and the Town of Wellesley police department. MassBay police officers handle routine calls for police services whenever possible and supplement with the services of the Wellesley Police Department for more significant crimes. Contract security guards may also contact the Town of Wellesley Police Department. The MassBay Police Department maintains a working relationship with the Wellesley Police Department.

The officers of the Wellesley Police Department and MassBay police officers communicate regularly on the scene of incidents that occur in and around the campus area. Wellesley police officers have access to more resources and therefore are generally the lead on crimes and investigations on campus, but investigators work closely with MassBay police officers on incidents that require joint investigative efforts, resources, crime related reports, and exchanges of information as deemed necessary.

Framingham Campus

The Framingham campus utilizes MassBay police officers during the work week. A memorandum of understanding exists between the MassBay police department and the City of Framingham police department. MassBay police officers handle routine calls for police services wherever possible and supplement the services of the Framingham Police Department for more significant crimes. Contract security guards may also contact the Town of Wellesley Police Department. The Public Safety Department maintains a working relationship with the command staff at the Framingham Police Department. City of Framingham police officers and MassBay police officers communicate regularly on the scene of incidents that occur in and around the campus area. Framingham police officers have access to more resources and therefore are generally the lead on crimes and investigations on campus, but investigators work closely with the MassBay Public Safety Department on incidents that require joint investigative efforts, resources, crime related reports, and exchanges of information as deemed necessary.

Ashland Technology Center

The Ashland Technology Center has no campus police presence on site. Contract security will call for the assistance of the local police for any criminal matter. A memorandum of understanding exists between the MassBay police department and the Town of Ashland police department. Periodically and when necessary, the Public Safety Department and the Ashland Police Chief meet to discuss outstanding issues or routine information. Additionally, special needs are communicated between agencies as they occur.
Policy Addressing How to Report Criminal Offenses

In fostering a culture of respect, the College expects that faculty, staff, students, and visitors report all crimes and violations of College policy promptly. To report a crime or emergency, members of the community should call the MassBay Police Department. In addition to our publicly posted main numbers, if you are a witness to, or are involved in, an on-campus emergency, use a red emergency phone located in common access areas on each campus. Campus police officers facilitate presentations to students during orientation that provides this, and other important public safety information. MassBay’s culture of respect policies are prominently displayed on every campus and every other important public safety information.

Emergency phone numbers and instructions on how to report incidents are published in the annual Student Handbook and on the Public Safety Department page on the MassBay website.

Policy Addressing Security and Access

Security of Access to Campus

Most campus buildings and facilities are accessible to members of the community, guests, and visitors during normal business hours, Monday through Friday, and for limited designated hours on Saturday. Facilities are maintained, and their security monitored, in the interest of students, faculty and staff. Facilities such as the Bookstore, library and dining cafes are accessible to the public.

All academic and administrative buildings are routinely patrolled and are locked at designated times. Most facilities are kept locked during non-business hours, and their access is restricted to individuals who obtain proper authorization.

Access to academic and administrative facilities on campus during normal business hours are generally limited to students, employees, and invited visitors for the purpose of study, work, teaching, and to conduct other College business.

Individuals found on campus without a legitimate purpose or who disrupt College operations or who commit a crime on College property may be issued a trespass warning and directed to leave campus; failure to comply with a warning may result in arrest.

Policy Addressing Criminal Activity Off-Campus

MassBay does not operate off-campus housing or off-campus student organization facilities. When a MassBay student is involved in an off-campus incident, MassBay police officers assist with the investigation cooperation in local, state, or federal law enforcement. Wellesley, Framingham, and Ashland police officers routinely communicate with campus officers on any serious incidents occurring on-campus or off-campus in the immediate neighborhoods surrounding MassBay.

In addition to charges filed by state or federal law enforcement agencies, MassBay reserves the right to take disciplinary action against a student for off-campus conduct; when such conduct adversely affects the College community, poses a threat of harm to the College community, or otherwise interferes with the College’s pursuit of its objectives or mission. Depending on the circumstances, proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus. Judicial sanctions may include discipline, up to and including interim suspension, suspension, or expulsion from the College. Those policies are published annually in the Student Handbook, which is updated every year and posted on the MassBay website.

Policy Addressing Security Awareness Programs for Students and Employees

During student orientation sessions, students are informed of services offered by the MassBay Public Safety Department. Crime statistics are available for students, faculty, and staff throughout the year in the Public Safety Department and on the MassBay website. A common theme for all awareness and crime prevention programming is to encourage students and employees to be aware of their shared responsibility for their own security and for the security of others.

Prospective employees are informed on the MassBay website about the location of the Annual Security Report for online review. Additionally, the Campus Police Department meets with all new employees during orientation to review safety procedures on campus. Potential employees are informed on the Human Resources page of the MassBay website about the location of the Annual Security Report for online review.

Please see the following table for a list of MassBay educational programs and campaigns to promote awareness of dating violence, domestic violence, sexual assault and stalking for students, faculty, and staff.

The following programs were presented in 2022 to promote awareness and to educate the MassBay community about preventing dating violence, domestic violence, sexual assault, and stalking.

No College shall promptly and thoroughly investigate all such allegations in accordance with the Policy on Affirmative Action. The College may also institute protective measures, such as a no-trespass order, restricted access to campus, adjusted class or work schedule, or a leave of absence during the investigative process and/or upon completion of the disciplinary process. A person found to have committed an act of sexual violence shall be subject to disciplinary action, up to and including suspension, expulsion, or termination from the College, as well as criminal prosecution.

O. Victim Identification
Personal identifiable information about a victim will be treated as confidential and only shared with persons with a specific need to know and/or who are investigating and/or adjudicating the complaint, delivering resources or support services to the victim or as public safety requires. The College does not publish names or other identifiable information of victims in the campus police department’s Daily Crime Log, in any Timely Warnings issued, or online. In accordance with the Family Educational Rights and Privacy Act, a victim may request that no directory information maintained by the College be released absent his/her prior, written consent.

P. Protections for Victims of Sexual Violence
A person who is subjected to sexual violence shall:
- Be provided with a copy of the College’s Sexual Violence – Victim’s Rights and Information form;
- Have the right to, or not to, seek assistance from campus administration and/or campus law enforcement;
- Not be discouraged by College officials from reporting an incident to both on-campus and off-campus authorities;
- Be provided assistance in contacting local law enforcement if requested and have the full and prompt assistance and cooperation of campus personnel should a civil and/or criminal complaint be pursued;
- Be free from any suggestion that they somehow contributed to or had a shared responsibility in the violent act;
- Receive the same level of support at any proceeding before College officials as is permitted to the accused party, including the presence of a representative during any disciplinary proceeding, the right to be notified in a timely manner of the outcome of such proceedings and any appeal right available;
- Receive full and prompt cooperation from College personnel in obtaining and securing evidence (including medical evidence) necessary for any potential criminal proceedings;
- Have access to existing College counseling and medical professionals, victim support services, and to obtain referrals to off-campus counseling and support services if desired;
- Be permitted to attend classes, work, and participate in College activities free from unwanted contact or proximity with the accused individual(s) insofar as the College is permitted and able;
- Be permitted to request changes to an academic schedule if such changes are requested by the alleged victim and are reasonably available; and
- Be informed of any no-contact or no-trespass orders issued to the accused by the College and of the College’s Title IX Coordinator’s issuance or revocation or court mandated restraining or protective orders, to the extent permitted by law.

Q. Recommended Procedures for a Victim of Sexual Violence
For a person subjected to an act of sexual violence, there can be time-sensitive decisions to make about sexually transmitted infections, pregnancy, and collecting physical evidence in the event of prosecution. Individuals who have been victims of sexual violence are advised as follows:
- Protect Yourself and Get Medical Attention - A victim should be advised to go to a safe place as soon as possible and seek medical attention immediately. Injuries and exposure to disease may not be immediately apparent. A medical examination can provide necessary treatment and collect important evidence. It is recommended that a physical examination be conducted within 72 hours of the violence. Submission of the victim to an exam does not mean that a victim is required to press charges. This action merely preserves the option to do so. Designated College personnel can assist in providing transportation to the hospital.
These Rape Crisis Centers offer FREE services to survivors of sexual violence, including:

- 24/7 hotline counseling, information, and referral;
- Will go with survivor to hospitals and/or police stations 24/7;
- Will go with a survivor to court;
- Will provide one-to-one counseling and support group counseling; and
- Will provide primary prevention education; professional training, outreach.

S. Mandatory Reporting Under State Law

Children (a person under the age of 18) may be students at the College, or may be engaged in activities sponsored by the College or by third-parties utilizing College facilities. In such instances, where an employee has reasonable cause to believe that a child is suffering physical or emotional injury, resulting from among other causes, sexual abuse, the employee and the College may be obligated to comply with the mandatory reporting requirements established at M.G.L., Section 119, Section 51A-E. In such cases, the employee shall immediately report the matter to the College’s Affirmative Action and/or Title IX Coordinator, who, in consultation with other officials, shall contact the Commonwealth’s Department of Children and Families and/or law enforcement. An employee may also contact local law enforcement authorities or the Department of Children and Families directly in certain cases of suspected child abuse or neglect. State law also maintains mandatory reporting requirements for certain occupations where elderly and disabled abuse or neglect is suspected. For more information on these reporting requirements please contact the College’s Affirmative Action Officer.

Acts of sexual violence are subject to disciplinary action pursuant to the College’s Policy on Affirmative Action’s Complaint Procedure. The Complaint Procedure provides as follows:

I. COMPLAINT PROCEDURE

General Information

A. Application of Policy

The complaint procedure is intended to provide a mechanism to investigate and, where possible, resolve complaints of alleged violations of this Policy against employees and students. The procedures outlined below are intended to ensure the College will conduct an impartial, fair, effective, and efficient investigation of all allegations of discrimination without fear of retaliation. The complaint procedure is available to any employee or student who believes he/she has been discriminated against on the basis of a protected classification or retaliation. A complaint filed in another forum does not preclude a student or employee from filing a complaint under this Policy. Further, a complaint filed in another forum, including a criminal or civil complaint, shall not delay an investigation of a complaint filed under this Policy.

B. Confidentiality of Process

The complaint procedure will be conducted as confidentially as reasonably possible to protect the privacy rights of all individuals involved. The College may share information concerning the complaint with parties, witnesses, and/or others during any phase of the procedure on a need-to-know basis and shall share information with union representatives as provided for in G.L.c.150E. All individuals with whom information is shared shall be advised of the confidential nature of the information and directed not to discuss the matter with anyone other than a personal advisor, if applicable.

C. Complainant Requests Confidentiality

Where a Complainant requests that no action be taken by the College or requests that her/his identity not be revealed, the College shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

D. Anonymous Complaints

To the extent possible, the College is obliged to investigate and respond to anonymous complaints.

E. Off Campus Behavior

The College reserves the right to investigate alleged prohibited conduct under this Policy occurring off-campus when such conduct adversely affects the College community, poses a threat of harm to the College community; interferes with the College’s pursuit of its educational objectives and mission, and/or if a student or employee is charged with a serious violation of state or federal law.

F. Interim Action

The College reserves the right to suspend a student on an interim basis or place an employee on paid administrative leave prior to completing an investigation under this Policy when it reasonably believes that such a request may hamper its ability to fully investigate an alleged violation of this Policy and/or to take appropriate remedial steps, including disciplinary action. Where an allegation includes the potential of an ongoing threat to the health, safety, or security of the College or a potential adverse employment action, the Affirmative Action Officer shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

G. Joint Investigation

In some circumstances a Responding Party’s conduct may constitute a potential violation of this Policy and/or other conduct policies applicable to employees or students. In such cases, in order to avoid duplicative investigatory efforts, a joint investigation under this Policy may be conducted by the Affirmative Action Officer (AAO) and the administrator charged with enforcing conduct policies. For example, if the Responding Party is a student, the AAO and Student Code
of Conduct Officer may jointly investigate the complaint. Based on the findings of their joint investigation, the student may be subject to disciplinary action for violations of the Affirmative Action Policy and/or the Student Code of Conduct. Where practical, a joint investigation by the employee’s supervisor and the Affirmative Action Officer shall be conducted. Based on the findings of joint investigation, the employee may be subject to disciplinary action for violations of the Affirmative Action Policy and/or for inappropriate and unprofessional conduct.

H. Collateral Legal action
Any disciplinary action taken against an employee shall be regarded as an administrative action subject to all terms and conditions of applicable collective bargaining agreements or personnel policies.

I. Complaints of Sex Discrimination, Sexual Harassment or Sexual Violence

The Title IX Coordinator bears responsibility for administering this Policy relative to complaints of sex discrimination, sexual harassment, and sexual violence.

II. Complaint Procedure

The complaint process is comprised of two procedures - the informal procedure and the formal procedure.

A. Informal Procedure

Where appropriate, the parties to a dispute and/or the Affirmative Action Officer may attempt to reach an informal and prompt resolution of the potential complaint. Informal resolution is encouraged, and any of the parties involved may request the intervention of the affirmative action officer to assist in resolving the matter informally. An informal resolution is achieved through open dialogue between the parties that allows for the airing of any misunderstandings or disputes and the resolution of the disputes as set forth in the College’s Policy on Affirmative Action. When a Complainant believes that he/she has been discriminated against because of his/her race, color, religion, national origin, sex, age, disability, sexual orientation, gender identity, genetic information, veteran status, maternity leave; and/or subjected to sexual harassment, the complaint shall contain a statement of all known facts pertaining to the alleged violation and shall be filed preferably on the Affirmative Action Discrimination Complaint Form (see Appendix A), which shall be available from the Complainant. Procedures are adhered to as set forth in the College’s Policy on Affirmative Action. When a Complainant believes that he/she has been discriminated against because of his/her race, color, religion, national origin, sex, age, disability, sexual orientation, gender identity, genetic information, veteran status, maternity leave; and/or subjected to sexual harassment, the complaint shall contain a statement of all known facts pertaining to the alleged violation and shall be filed preferably on the Affirmative Action Discrimination Complaint Form (see Appendix A), which shall be available from the Complainant. If the complaint is received by the Affirmative Action Officer, the Complainant shall have the responsibility to reduce to writing the terms of the mediated resolution, which shall be signed by the parties. The mediation process shall not be used in this complaint process. Where practicable, a mediation session shall be conducted no later than thirty (30) days after the mediation process and schedule. The mediator must have training or experience in mediating matters subject to this complaint process. Where practicable, mediation session shall not be used to resolve allegations of sexual harassment or sexual violence. Further, at no time shall a Responding Party question or confront a Complainant, or engage a third party to do so, as such conduct may constitute intimidation and/or retaliation, which are strictly prohibited under this Policy.

B. Formal Procedure

The following rules apply throughout all phases of the formal complaint process: (1) all parties to a complaint may have a personal advisor (for union employees this may be a union representative); (2) the role of a personal advisor is limited to providing discrete advice and counsel to the party; (3) the filing of a complaint under this Policy shall not preclude a Complainant from pursuing a complaint in a separate legal forum; (4) a complaint involving a grade dispute shall proceed under this Policy when a student alleges that a grade was improper because of discrimination, discriminatory harassment, sexual orientation, gender identity, genetic information, veteran status, maternity leave; and (5) all findings reached under this procedure must be based on a “preponderance of evidence” (i.e.; more likely than not) standard.

At any point during the formal complaint procedure, either party may request mediation by contacting the Affirmative Action Officer. The purpose of mediation is to resolve the dispute to the satisfaction of both parties. Mediation shall be mutually voluntary, and there shall be no coercion to agree to mediation. The Affirmative Action Officer, or designee, shall select an impartial mediator, who shall be mutually agreed upon and not unreasonably refused by either party, and inform the parties in writing of the mediation process and schedule. The mediator must have training or experience in mediating matters subject to this complaint process. Where practicable, a mediation session shall be conducted no later than thirty (30) days after the mediator was agreed to by the parties. The timelines presented under the Complaint Procedure shall be tolled pending the outcome of mediation. If mediation is successful in resolving the complaint, the Affirmative Action Officer shall reduce to writing the terms of the mediated resolution, which shall be signed by the parties. The mediation process shall not be used in an effort to resolve allegations of sexual harassment or sexual violence. If mediation does not result in a resolution, all mediation discussions shall remain confidential and may not be used or introduced in this process or any other forum.

Step 1 – Affirmative Action Officer Investigation

The Director of Equity Compliance is responsible for overseeing investigations and ensuring that all grievance procedures are adhered to as set forth in the College’s Policy on Affirmative Action. When a Complainant believes that he/she has been discriminated against because of his/her race, color, religion, national origin, sex, age, disability, sexual orientation, gender identity, genetic information, veteran status, maternity leave; and/or subjected to sexual harassment, sexual violence, or retaliation; the Complainant may file a formal written complaint in writing with the Affirmative Action Officer. For purposes of the formal investigation, the Complainant shall file a written statement of the instructional period when the Complainant knew or should have known of the grievable act. For employee Complainants, a formal complaint may be filed within thirty (30) days from when the Complainant knew or should have known of the grievable act. The complaint shall contain a statement of all known facts pertaining to the alleged violation and shall be filed preferably on the Affirmative Action Discrimination Complaint Form (see Appendix A), which shall be available from the Affirmative Action Officer. If a student is involved, the Affirmative Action Officer shall notify the Vice President or Dean of Student Services.

During Step 1, the Affirmative Action Officer has the authority to seek to resolve the complaint through an administrative remedy. If the parties accept the administrative remedy proposed, its terms shall be reduced to writing, signed by both parties, and the Affirmative Action Officer shall retain the document with copies to the parties. Thereafter, the matter shall be considered resolved between the parties.

Upon receiving a written complaint, the Affirmative Action Officer will notify the Responding Party in writing of the complaint (see Appendix B) and will provide the Responding Party with a copy thereof. The timeliness of such notification shall be in accordance with the appropriate collective bargaining agreement, if applicable. The Responding Party shall have ten (10) days from receipt of notice to submit to the Affirmative Action Officer a written response to the complaint.

Where practicable, within thirty (30) days from the date the Respondent’s written response is received, or the date it was due if none was submitted, the Affirmative Action Officer shall conduct an investigation and prepare and issue a Report of Preliminary Findings to the parties. The investigation shall include, but is not limited to, an analysis of the allegations and defenses presented, consideration of all relevant documents, including materials presented by the parties, interviews of the parties and other individuals and/or witnesses, and/or reviewing certain documents or materials in the possession of the Respondent that the Affirmative Action Officer has deemed relevant to the complaint. The Affirmative Action Officer’s report shall specify the investigation undertaken and summarize his/her preliminary findings. The report shall be delivered to the parties in hand or by certified mail. If the investigation is not completed within thirty (30) days, status updates shall be provided to the parties every thirty (30) days until its completion.

Thereafter, the parties will have ten (10) days from the date of their receipt of the Report of Preliminary Findings to submit Rebuttal Statements to the Affirmative Action Officer. The parties may present no new allegations at that time. Where practicable, within seven (7) days of receiving the parties’ Rebuttal Statements, the Affirmative Action Officer shall review the Rebuttal Statements and prepare and submit a Report of Final Findings and Recommendations to the President’s Designee for consideration.

Step 2 – Review and Decision by the President’s Designee

Where practicable, within ten (10) days of receipt of the Affirmative Action Officer’s Report of Final Findings and Recommendations, the President’s Designee shall issue a written decision to the parties. The written decision shall accept, reject, or modify the Affirmative Action Officer’s Final Findings and Recommendations. If the President’s Designee’s written decision was delivered in hand or by certified mail and shall include the Report of Final Findings and Recommendations. If the President is the Responding Party in an Affirmative Action Complaint, then the Chair of the College’s Board of Trustees shall designate a Board member(s) as Designee to administer Step 2 of the Complaint Process.

Step 3 – Appeal to President

A party who is not satisfied with the Designee’s written decision may file an appeal with the President within five (5) days of receiving the Designee’s decision. Where practicable, written notice shall be sent to the parties in hand or by certified mail. Where practicable, within seven (7) days of receiving the appeal, the President shall issue a written decision accepting, rejecting, or modifying the Designee’s decision. The President’s decision is final, provided that any corrective action and/or discipline imposed is subject to applicable collective bargaining agreements. If the Complainant is a student, and the Responding Party in an Affirmative Action Complaint, then the Chair of the College’s Board of Trustees shall consider the appeal and issue the written decision.

Training

The College has contracted with Everfi, Inc., a national online training service to provide sexual violence programming for the College community.

The MassBay Public Safety Department strongly advocates that a victim of sexual violence reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. Filing a police report will not obligate the victim to prosecute, or will subject the victim to scrutiny or judgmental opinions from others. Filing a police report will:

• Ensure that a victim of sexual assault receives the necessary medical treatment and tests at no expense to the victim.
• Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, use the toilet, or change clothing prior to a medical/legal exam).
• Assist the victim who has access to free confidential counseling from counselors specifically trained in the area of sexual assault.

The Massachusetts Department of Public Health specially trains, certifies, and supports registered nurses and physicians to provide quality care and forensic evidence collection to sexual assault survivors. Victims/survivors of sexual assault are encouraged to go to their local hospital as soon as possible before showering. The hospital closest to the Wellesley Hills Campus is the Newton-Wellesley Hospital. The hospital closest to the Framingham Campus is MetroWest Medical Center. The hospital closest to the Ashland Technology Center is MetroWest Medical Center. For optimal evidence collection, exams should be performed within 72 hours of the assault.

Policy Addressing Sex Offender Registration

The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also requires registered sex offenders to notify appropriate state officials of each institution of higher education located in the state at which the offender is employed, carries on a vocation, or is a student.

How to Inquire

Members of the MassBay Community College community may request information about sex offenders in Massachusetts at the Massachusetts Sex Offender Registry Board: Telephone: (781) 740-6400 or www.state.ma.us/orb.

Penalties for Improper Use of Sex Offender Registry Information

Information contained in the Sex Offender Registry shall not be used to commit a crime against an offender or to engage in any manner of harassment of an offender. Any person or entity that improperly uses Sex Offender Registry information shall be punishable by a fine of not more than $5,000 or by imprisonment in a jail or house of correction for not more than one year, or by both such fine and imprisonment.

Policy Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-Forcible Sex Offenses

The College will, upon written request, disclose to the alleged victim of any crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim of such crime or offense is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this disclosure. Disclosure of this information shall not violate the Family Educational Rights and Privacy Act pursuant to 34 CFR § 99.33(a)(14).

Policy Addressing Issuing Timely Warnings

The College shall alert the campus community to certain crimes in a manner that is timely and will aid in the prevention of similar crimes in the future. Whenever, in the Chief of Police's reasonable judgment, a crime poses an ongoing or continuing threat, a campus-wide “Timely Warning” will be issued. The Timely Warning will be issued through the College's email system to students, faculty, and staff. It then becomes the responsibility of the Public Safety Department to confirm that a significant emergency or potentially dangerous situation is in progress. Should the incident require additional resources, the College's Emergency Procedure Manual includes information about shelter in place and evacuation guidelines. Each year, through various outlets, members of the MassBay community are notified that safety and security are everyone's responsibility and that they should notify the Public Safety Department of any situation or incident on campus. These exercises and tests are designed to assess and evaluate the emergency plans and capabilities of the institution. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the MBCC Police.

Issuing Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Police, constitutes an ongoing or continuing threat, a campus-wide “Timely Warning” will be issued. The Timely Warning will be issued through the College's email system to students, faculty, and staff. Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Public Safety Department may also post a notice on the campus-wide electronic bulletin board on the College's website at www.massbay.edu, providing the College community with more immediate notification.

Anyone with information warranting a timely warning should report the circumstances to the Campus Police office, by phone (781) 239-2217.

• Members of the campus community, faculty, staff, or the general public may report the significant emergency or potentially dangerous situation to the Public Safety Department via red on-campus telephones that are positioned in prominent interior and exterior locations, or via a standard hard-line phone or cell phone. It then becomes the responsibility of the Public Safety Department to confirm that a significant emergency or potentially dangerous situation is in progress. Should the incident require additional resources, the Public Safety Department will immediately notify local, state, or other law enforcement agencies depending on the nature of the incident.

• If a member of the Public Safety Department confirms that there is an ongoing or continuing threat to the campus community, MassBay will take into account the safety of the campus community, immediately determine what information should be released about the incident, and begin the notification process.

The only reason the College would not issue a notification for a confirmed emergency or dangerous situation is if doing so would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the effects of the incident. Therefore, in the absence of information to the contrary, any potential threats to or within the campus community will be treated as real and not just theoretical. Furthermore, if a significant emergency or dangerous situation is confirmed, the College will disseminate the information to the entire campus community as fast and as expeditiously as possible. The College will use all means of communication available to it to disseminate such information.

The College will use one or a combination of the following to issue a Timely Warning: email distribution, campus mail and various campus publications, posted signage, verbal notifications, text messages, phone calls, scrolled messages on computer and in-house television screens, pop-up messages on the College website, messages to the College’s social media platforms, and/or the MassBay emergency notification system. A fire alarm system has been installed on the Wellesley Hills campus that has broadcast capability. The College also uses the Alertus System to deliver emergency information to computers on campus.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES STATEMENT

The College’s Emergency Procedure Manual includes information about shelter in place and evacuation guidelines. College Departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The College conducts numerous emergency response exercises each year, such as table top exercises, field exercises, and tests of the emergency notification system.

The College will, without delay, and taking into account for the safety of the community, determine the content of the notification and initiate its notification system, unless issuing the notification will, in the judgment of members of the Public Safety Department, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The College will conduct regularly scheduled drills, exercises, and appropriate follow through activities designed for assessment and evaluation of emergency plans and capabilities. A test of our emergency notification system and announced or unannounced evacuation drills will occur on an annual basis.

The College also reviews major incidents with key stakeholders after they have occurred to discuss lessons learned and best practices. The purpose of this type of after-action planning is to promote education and awareness of emergency procedures as well as discover areas for improvement.

General information about emergency response will be publicized each year in the Annual Security Report and through education campaigns held around the time of the execution of drills.

Campus Security Authorities
If an employee has significant responsibility for student and campus activities, he or she is a Campus Security Authority. CSA designation will be assigned upon hiring. Training is provided to all staff members.

As required by federal law, yearly crime statistics for this Report are compiled by MassBay’s Public Safety Department on a calendar-year basis in accordance with the definitions of crimes provided by the Federal Bureau of Investigation for use in the Uniform Crime Reporting System. The Report includes statistics for the previous three years concerning reported crimes that occurred in three geographic locations to the Public Safety Department and other campus authorities including, but not limited to, the Office of Student Development, and the police departments of Wellesley, Framingham, and Ashland. In addition, these statistics include persons referred for campus disciplinary action for categories required under the Clery Act, including liquor and drug law violations and illegal weapons possession. Crime statistics reported from public property within or immediately adjacent to and accessible from the campus are collected or requested from the Wellesley, Framingham, and Ashland police departments. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year during which the crime was reported.

The crime statistics tables located at the end of this Report are reflective of the requirements mandated by federal law for compiling this Report which became effective July 1, 2000.

The Annual Security Report is prepared by a collaborative of the MassBay Public Safety Department and the MassBay Clery and Public Safety Committee.

The following statistics are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the federal Clery Act.

Clery Defined Geographic Location Definitions

On-Campus Property: On-Campus property encompasses any building or property that is owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes.

Residential Facilities: The College does not maintain any residential facilities.

Public Property: Public property encompasses all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent and accessible from the campus.

Non-Campus Property: MassBay does not process any non-campus property. Non-campus property is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
Specific Information about Classifying Crime Statistics: The number of victims involved in a particular incident is indicated for the following crime classifications: murder/non-negligent manslaughter, negligent manslaughter, forcible and non-forcible sex offenses, and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery, burglary, larceny, and arson. For example, if five students are walking across campus together and they are robbed, this would count as one robbery in the crime statistics chart.

In cases of motor vehicle theft, each vehicle stolen is counted. In cases involving liquor law, drug law, and illegal weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor or drug law violations, it is only counted as a drug law violation as that is the more egregious offense.

The statistics captured under the “Referred for Disciplinary Action” section for liquor law, drug law, and illegal weapons violations indicate the number of people who are referred to the College’s judicial system.

Hate crime statistics are separated by their category of prejudice. Statistics for hate crimes are counted in each specific Clery Act reportable crime category and are therefore part of the overall statistics reported for each year. In addition to reporting hate crimes for the general Clery Act definitions, hate crimes must be disclosed for larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. The law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.
