**Subject:** Daily Update 3-18-2020 – AMENDED

Dear Fellow Members of the MassBay Community,

Here is today's COVID-19 update. Please remember this is an ever-changing situation, and it is very important to check your MassBay email account often.

### **Changes to MassBay Offices**

Students should not come to campus. Student services are available only by email and phone, 9 am to 5 pm, Monday through Friday. These services include: advising, counseling, tutoring, student accounts, financial aid, admissions, registrar, library, and student development.

### **Spring 2020 Courses**

Please continue to check your email about changes to the format of your classes, which will be coming from your professors.

**Practice Social Distancing – keep 6 feet or more away from everyone around you.  
It's not rude, it's safe!**

We will continue to update you daily by 4pm, but you can always find the latest information on our website [MassBay.edu/coronavirus](https://massbay.edu/coronavirus). Please remember, ***if you are sick do not come to campus***, but report this to Public Safety at 781-239-2222. If you have any questions, please email your dean or supervisor.
