

# Central Processing Technology

## Certificate

COURSE	COURSE TITLE	CREDITS
CY 101	Principles of Central Processing Technology	4
	<b>credits:</b>	4
	<b>Total Credits:</b>	4

### ***DIVISION OF HEALTH SCIENCES***

*Fall, Spring, and Summer Semester Starts; Evenings*

The goal of this program is to prepare graduates for a rewarding career in hospitals, physician and dental offices, biotech and veterinary hospitals, and surgical centers. Lecture and Laboratory classes occur in the evening. Clinical experiences take place in the late afternoon and early evening. Central services is the “hub” of the medical care environment especially in those health care agencies performing surgical procedures and need equipment that is sterile, packed correctly, and delivered on time to the operating room. Central Service Technicians also provide critical services to all departments, healthcare professionals and patients.

Graduates are prepared to take the International Certification Exam offered by the Healthcare Sterile Processing Association (HSPA), whose primary role is to provide education and certification to Central Service and Material Management professionals.

Upon successful completion, the Certificate in [Central Processing Technology](#) is awarded.

### **ADMISSION REQUIREMENTS**

High School diploma or equivalent, or Associate Degree or higher.

The student must complete the CORI /SORI (Criminal/Sex Offender Record Information) to authorize a search of conviction and pending criminal case information under Standard Required Level 1 by DCJIS (Department of Criminal Justice Information Services). The CORI/SORI completion process is part of the New Student Orientation. If there is a finding of criminal convictions or “open cases,” the student will be ineligible to participate in the Health Sciences Program. A National County Criminal Background check will be conducted as part of the student’s completion of the clinical requirements.

A grade of C or higher is required in the Principles of Central Processing Technology course.

Applicants to the Central Processing Technology program are required to attend a recent information session. Times and dates for these sessions can be located at [Information Session Schedule](#)
