

Manufacturing Innovation Certificate

DIVISION OF SCIENCE, TECHNOLOGY, ENGINEERING & MATHEMATICS

This is a 12-month, three semester long fast track program that offers a stackable certificate in Advanced Manufacturing. The certificate program is designed to provide students with other pathways in the future, such as a relevant associate degree at a community college or for any student already holding a Bachelor degree, a relevant graduate degree.

Through the program, students develop skills necessary in today's advanced manufacturing industry through completing relevant hands-on course work, projects, and Internship /CO-OP.

Graduates may select to open their own small manufacturing business or seek operational positions in a manufacturing company.

Upon successful completion, a Certificate in Manufacturing Innovation is awarded.
