

BIOMIMICRY

Using Nature's Lessons to Solve Design Challenges

JULY 19, 2022 | 10:00 AM - 12:00 PM EST | VIRTUAL

Presented by:

Professor and Engineering Dept. Chair, Marina Bograd

Professor and Science Dept. Chair, Judith Elliston

Join us for a free, interactive and interdisciplinary workshop where you will learn to design and construct a model based on observations in nature. Registration is required.
